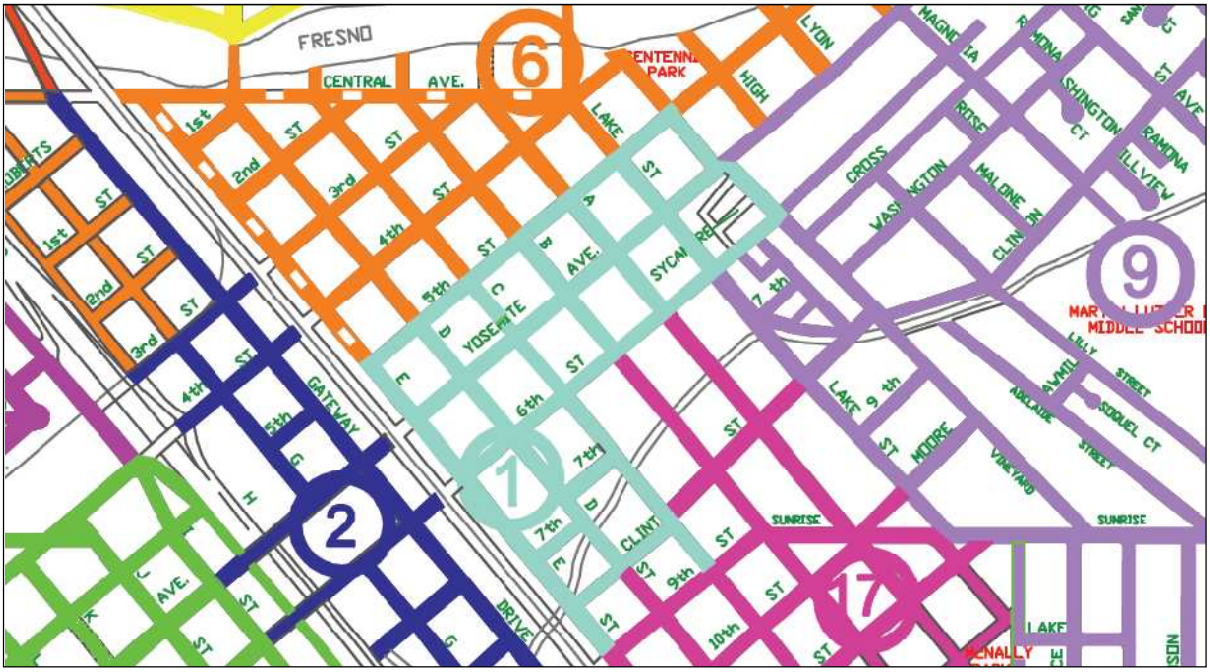
Instructions to Street Sweeping Schedule Chart and Map

To determine when your street will be swept, please read the following:

> **The Public Works Street Division divides street sweeping areas into twenty (20) distinct street sweeping routes. (See attached example.)**



Please refer to the attached map and Street Sweeping Schedule Chart to locate the area where you live. (Note that the Street Sweeping Schedule Chart is divided into "Day Shift" and "Night Shift".)

Once you have located the area where you live, match the number from that area with the corresponding number on the Street Sweeping Schedule Chart.

If you are unable to find your route area, please do not hesitate to call the main Public Works Department number, at (559) 661-5466. We will be happy to provide you assistance.
