INTRODUCTION

The City of Madera is pleased to present this Information Guide. This guide explains the federal and local goals of the Consolidated and Action Plans, and the Community Development Block Grant (CDBG) Program, and assists in submitting an application for funds. As there are strict eligibility criteria, please carefully review this document to determine if a project qualifies under the federal regulations.

WHAT IS THE CONSOLIDATED AND ACTION PLAN?

The Consolidated Plan is required by the United States Department of Housing and Urban Development (HUD) for receipt of federal CDBG funds. The purpose of the Consolidated Plan is to identify needs in the community and to present a five-year plan for the allocation of federal resources based on a community’s identified needs. The Action Plan is an annual application submitted to HUD. It describes how funds will be used during the fiscal year and addresses other related requirements of the regulations governing the Consolidated Plan.

WHAT IS THE CDBG PROGRAM?

The CDBG Program is administered by HUD and is authorized by Title 1 of the Housing and Community Development Act of 1974 and 1992, as amended. The purpose of the CDBG Program is to enhance and maintain viable urban communities through the provisions of decent housing, a suitable living environment, and the expansion of economic opportunities principally for low and moderate income persons. The Act provides financial assistance for community activities for the following:

- Eliminating slums and blight; preventing deterioration of property; and providing needed neighborhood community facilities, principally for persons of low and moderate income.

- Eliminating conditions which are detrimental to health, safety and public welfare through interim rehabilitation and code enforcement, etc.

- Conserving and improving housing stock through rehabilitation of homes belonging to low and moderate income persons.

- Expanding and improving the quantity and quality of public services principally for low and moderate income persons.

- Acquisition, design, construction and installation of needed public facilities and improvements.

- Restoring and preserving properties formally designated as Historic Structures.
Provision of assistance to lower income first-time home buyers.

Creation of jobs for persons of low and moderate income through the expansion of business opportunities by providing financial incentives to small businesses.

**HOW IS A PROJECT DETERMINED ELIGIBLE FOR FUNDS?**

**CDBG Program Eligibility**

In order for an activity or program to be eligible for CDBG funding, it must qualify by meeting one or more of the following three national objectives:

**National Objective #1**

**Activities Benefiting Lower Income Persons/Households**

The definition of a lower income person or household is one having an income equal to or less than 80 percent of median income as established by HUD. A minimum of 70 percent of the City’s total allocation must be used for this purpose. In order to determine if a project qualifies under this criterion, it must fall under one of the following activities.

**Direct Benefit Activities**

To qualify as a direct benefit activity, there must be documentation that the program is benefiting low and moderate income residents. At least 51 percent of the recipients of public service programs must have incomes below 80 percent of the median income. Certain other activities, such as housing rehabilitation, require 100 percent of the program participants to be lower income households.

**Area Benefit Activities**

These are activities that serve geographic areas in which not less than 51 percent of the households are lower income, based on census data. To meet this criteria, 51 percent of household incomes must be equal to or less than 80 percent of the area’s median income.

Examples of Area Benefit Activities include: public improvements such as street, sidewalk, curb and gutter improvements (including related design and engineering work), park improvements, community centers, and public facilities.

**Public Services**

Up to 15 percent of the City’s total annual CDBG allocation may be used for public service activities.
At least 51 percent of a public service activity’s clientele must be documented as lower income residents. Public service projects must be a new service or an increase in the existing level of service. Examples of public services include crime prevention, child care and drug abuse related services.

Certain groups are presumed by HUD to meet the lower income criteria. HUD has defined these groups as: abused children, battered spouses, elderly persons, handicapped persons, homeless persons, illiterate persons and migrant workers.

**Housing Activities**

Housing activities include: acquisition or rehabilitation of properties, or new housing construction for the purpose of benefiting lower income households. The following is an example of a housing activity which meets this criterion:

- Rehabilitation of housing occupied by lower income persons. (Improvements must eliminate substandard or deteriorating property conditions.)

**National Objective #2**

**Activities which aid in the prevention or elimination of slums or blight.**

Projects may qualify if they benefit a slum or blighted area. State or local laws define slums and blighted areas as those which contain a substantial number of deteriorating or dilapidated buildings or infrastructure within the area. Redevelopment project areas generally qualify under this category.

In order to be eligible, the activity must be designed to address one or more of the conditions which qualified the areas as a slum or blighted. Residential rehabilitation can be qualified if the property is considered substandard per local definition.

Projects which may qualify outside of a slum or blighted area include: acquisition, demolition, rehabilitation, relocation, graffiti removal and historic preservation. The activities must be designed to eliminate a specific condition of physical decay on a spot basis. Under this standard, rehabilitation is limited to the extent necessary to eliminate substandard conditions detrimental to public health and safety.

**National Objective #3**

**Activities designed to meet community development needs having a particular urgency:**

- Activities must be designed to alleviate existing conditions which pose a serious and immediate threat to the health or welfare of the community and which became urgent within the past 18 months. Other sources of funding must not be available.
ELIGIBLE CDBG ACTIVITIES

Acquisition, design, construction, rehabilitation or installation of certain publicly-owned facilities such as:

- Parks, playgrounds and recreational facilities
- Senior centers, except 24-hour care facilities
- Centers for the handicapped, except 24-hour care facilities
- Neighborhood facilities
- Parking facilities
- Street improvements
- Flood, drainage or sewer facilities
- Public services (i.e., graffiti removal and crime control)
- Acquisition of property that is of historic value; appropriate for beautification or conservation of open spaces; or appropriate for low or moderate income housing
- Clearance and demolition of buildings and land which may be a health hazard to the community. Interim assistance or temporary help to alleviate harmful or dangerous conditions.
- Removal of architectural barriers which restrict mobility of handicapped persons
- Rehabilitation and preservation of buildings and improvements, both publicly and privately owned
- Code enforcement in designated target areas
- Historic preservation activities
- Eligible economic development activities
- Eligible planning and environmental design costs

INELIGIBLE CDBG ACTIVITIES

- Buildings for the general conduct of government such as city halls, courthouses and police stations
● Stadiums, sports arenas, auditoriums, museums and central libraries (note: branch libraries may be built in target areas)

● Schools

● Airports, subways, bus or other stations

● Hospital, nursing homes and other medical facilities

● Treatment and related facilities for liquid industrial wastes or sewage

● Expenses of general government for operation and maintenance of public facilities

● Political activities

● Direct income payments to residents

● Provision of assistance to organizations which require, as part of the provision of homeless assistance, religious instruction or counseling. These provisions, however, may be on a voluntary basis. Renovation of buildings belonging to primarily religious organizations, as defined by HUD, is also prohibited.

Throughout program implementation, citizens are given the opportunity to comment on all aspects of the City’s CDBG program performance. Written comments will be responded to in a timely manner by the City of Madera. The City is required to prepare an annual performance report documenting the progress of funded activities, as well as the accomplishments of these projects. The Performance Report is available for public review 30 to 60 days after the close of the program year.
