FROM: Christopher Boyle, Planning Manager

RE: Late Distribution

Attached please find a citizen letter received by the Planning Department after City Council packet distribution for the Council's regular meeting on October 4, 2017. The letter is regarding Item C-1, the rezoning of property on Linden Street.

TO: Planning Commission
City of Madera

CONCERNING: Linden St (733 & 743)

I am for the PD 2000 (22 units) because it will be much nicer than the PD 1500, which would require too many units (possibly 10 more). This would make it too crowded for a 1.4 acre parcel.
