

## City of Madera Employment Application Guidelines

How you complete your application can assist you in the selection process. Remember, a complete employment application is your key to viable competition for any recruitment.

You are encouraged to consider the following guidelines when completing your employment application material:

1. **Always complete the application in full.** Do not leave sections calling for job skills and work experience blank. Human Resources' staff is not permitted to assume facts about you from your job title alone. You need to briefly outline/list skills and experiences that relate to the position for which you are applying.
2. **Always sign and date your application.** Failure to sign and date your application may jeopardize consideration of your application. Your signature verifies that the information you have provided is true and accurate to the best of your ability. For your application to be considered complete, the City must receive your application with original signature. Digital signatures will not be accepted in lieu, nor will scanned or facsimile copies.
3. **Read the job flyer/announcement carefully before you complete the application form.** Many people ignore this requirement and later perform poorly in the examination process because they are not familiar with the requirements for the position. Also, reading the job announcement will help you to determine if the particular job fits your qualifications and experience.
4. **Type your application or complete it by printing in black or blue ink.** Applications completed in pencil will be considered incomplete.
5. **Do not use resumes as a short cut to completing the job application.** If you do not provide sufficient information about prior work or volunteer experience, or simply indicate "see resume," your application will be considered incomplete. If you run out of space on the application, complete as much information as possible on the application and then attach a separate document listing your additional skills or experience. The use of resumes or supplemental information sheets only augments what you have already submitted on your written application form. Resumes and/or other 'extra' information do not serve in lieu of an application.
6. **Complete the application neatly.** The following circumstance may cause an application to be considered illegible/incomplete: dirty applications, those with scratched out information, or those with illegible handwriting. This may also be perceived as a poor work habit. Failure to present a neatly written, printed or typed application may jeopardize consideration of your application.
7. **Your original application must be received by the filing deadline as indicated in the job flyer/announcement.** You may hand deliver your application or send it in the US Mail or through another delivery service (UPS, FedEX, Goldenstate Overnight, etc.)
8. **When an assigned date and time for a test or interview has been scheduled, please allow yourself at least ten to fifteen minutes of time ahead of your scheduled appearance.** Allowing some extra time gives you the opportunity to prepare yourself for the test or interview without the additional stress of being rushed.
